<b>AB 94</b>	<b>Committee on Budget</b>	<b>Criminal justice realignment</b>	5/10/11 Chaptered by Secretary of State - Chapter 23, Statutes of 2011.
<b>SUMMARY:</b>		<b>Bill Type: Fiscal</b>	<b>Next Hearing Date:</b>
<p>This bill makes technical changes to AB 111 (Budget Committee), Chapter 16, Statutes of 2011 pertaining to public safety realignment. These changes are intended to make it easier for locals to access and utilize jail construction funding authorized by AB 900 (Solorio), Chapter 7, Statutes of 2007, which established a two-phase construction plan for local jail facilities supported by \$1.22 billion in bond authority. Adding jail capacity will help mitigate the impact of increased public safety responsibilities at the local level.</p>

<b>AB 98</b>	<b>Committee on Budget</b>	<b>Budget Act of 2011</b>	7/05/2011 Consideration of Governor's veto stricken from file. VETOED
<b>SUMMARY:</b>		<b>Bill Type: Fiscal</b>	<b>Next Hearing Date:</b>
<p>On June 8, 2011, the Senate Budget and Fiscal Review Committee and the Assembly Budget Committee completed their work on the 2011-12 Budget. This measure is the budget bill, that when combined with the other budget bill adopted in March, SB 69, constitutes the 2011 Budget Act. The 2011-12 Budget contains expenditure cuts of approximately \$11 billion with resulting General Fund expenditures of \$89 billion. On May 16, the Governor released his May Revision for budget year 2011-12. The Governor indicated the remaining and adjusted General Fund (GF) deficit is \$10.8 billion for the two-year period ending June 30, 2012. This includes a \$1.2 billion reserve. In January, the estimated General Fund shortfall was \$27.6 billion - including a \$1.0 billion reserve and including the cancelation of the sales-leaseback transaction. In March, the Legislature passed \$14 billion in solutions, primarily spending reductions. The Legislature has adopted most of the Governor's May Revision which maintains the Governor's overall budget framework from January, including the public safety realignment. Given the updated revenues and expenditures, the May Revision scales back the revenue proposals to ease the tax burden on households and to better-focus tax incentives to job creation. Other new revenue is directed to K-12 schools and to reduce the state's debt owed to schools. Below is a high level summary of the budget framework, including both budget actions adopted in March and new actions: Expenditure Cuts*: \$11.1 billion Revenues: \$ 9.8 billion Other Solutions: \$ 2.2 billion Total Solutions: \$23.1 billion *Excludes the \$1 billion attributed to the reduction of local Proposition 10 funds to pay for direct children's health care services in the Medi-Cal program.</p> <p>This action is the subject of a current legal challenge. The Legislature has adopted the vast majority of the Governor's proposed expenditure reductions and the package would produce a reserve of about \$1.0 billion similar to the Governor's May Revision. The major changes to the Governor's May Revision include the following: Replacing the Governor's proposal to repay special fund debt with the repayment of \$745 million in Proposition 98 K-14 settle-up debt owed to schools and community colleges. This payment would be used to further pay down the deferrals in the budget year. Restoring approximately \$200 million in child care cuts within Proposition 98 and approximately \$140 million in CalWORKs. Based on preliminary scoring, the Legislature's Budget includes 2011-12 General Fund expenditures of \$89.1 billion, down from revised 2010-11 expenditure of \$91.5 billion. When combined with the package of bills, including the prior budget bill SB 69, and budget trailer bills, the 2011-12 budget is balanced due to the following major actions. 2011-12 Budget: Major Expenditure Reductions Overall, the Legislature's version of the budget prioritizes K-12 education and public safety. Significant reductions were made in the Health and Human Services areas, but in many cases, alternative cuts were found that mitigate the harshest of these reductions. Most areas of the budget saw significant expenditure reductions. K-12 Education. Adopted the Governor's Proposition 98 funding framework, which includes approximately \$2 billion in expenditures attributable to the Governor's tax package. Overall, the Proposition 98 funding level with the Governor's tax package would be \$52.4 billion, which is about \$3 billion higher than the 2010-11 level. Major proposals included in the package include the following: Settle-Up Payment: Provides \$745 million in settle-up payments to start repayment of settle-up debt. This debt repayment is directed to buy-down of the inter-year payment deferrals in K-12 education and community colleges. Deferrals: Buys-down the inter-year K-12 payment deferrals by approximately \$3 billion, consistent with the Governor's proposal. Student Mental Health Services: Approves Governor's budget proposal to rebench the Proposition 98 guarantee by \$222 million to fund mental health related services for students with disabilities previously provided by counties per the AB 3632 mandate). Also augmented 2010-11 funding by \$80 million to partially backfill for a funding shortfall created when Governor Schwarzenegger vetoed funding for the AB 3632 mandate. Class Size Reduction: Approved a one-year extension of the continuous appropriation for the class size reduction categorical program. Categorical Flexibility: Approved the Governor's proposal to extend various flexibility options to school districts for an additional two years. Secretary of Education Elimination: Approved the Governor's proposal to eliminate the Office of the Secretary of Education. Childcare. Approved \$300 million in ongoing savings to childcare programs. This is approximately \$200 million less than was previously eliminated in March due to the following actions: Standard Reimbursement Rate Reduction: Restored 10 percent rate cut to the Title V contracts. Contract Reduction: Reduced contracts, or slots, including preschool, by 11 percent instead of 15 percent. 11 and 12-Year Olds: Continued funding childcare services for 11 and 12-year olds. Family Fees: Rejected earlier proposal to increase sharply the family fees paid by low-income individuals for childcare services. Higher Education. Adopted the Governor's Higher Education budget proposals including a \$500 million reduction to the University of California, a \$500 million reduction to the California State University, and a \$400 million reduction to the California Community Colleges. Some of these cuts in each segment will be offset with student fees.</p>

**BILL #****BILL AUTHOR(S)****BILL TITLE****BILL STATUS****AB 114****Committee on Budget****Education finance**

6/30/2011 Chaptered by Secretary of State - Chapter 43, Statutes of 2011.

**SUMMARY:****Bill Type: Fiscal****Next Hearing Date:**

This bill contains necessary statutory and technical changes in the area of education in order to implement changes to the Budget Act of 2011. The Senate amendments delete the Assembly version of this bill, and instead: K-12 Provisions: 1) Update revenue limit deficit factors for school district and county of education to reflect ongoing base reductions and foregone cost-of-living adjustments for K-12 revenue limit (general purpose) funding in 2011-12. More specifically, establishes a school district deficit factor of 19.754% and a county office of education factor of 20.041% in 2011-12. Deficit factors track lost revenue limit funding in recent years with the intent of eventual restoration in future years. 2) Amend and repeals various sections of the Education, Government, and Welfare and Institutions code to repeal the state AB 3632 mandate program, which mandated counties to provide mental health services to students with disabilities. This mandate was suspended due to the veto of funding for the AB 3632 mandate in the 2010-11 budget by Governor Schwarzenegger. As a result of this elimination, responsibility for educationally related mental health services, as required by federal law for student with disabilities, is permanently shifted to schools. Pursuant to federal law, local educational agencies are required to update the Individualized Education Plan of each child that will experience a change in services as a result of this shift of responsibility. 3) Amend an existing categorical funding formula to provide \$127 per pupil to new, non-conversion charter schools established after 2008-09. This formula funding gives non-conversion charters schools access to categorical funds included in the categorical flexibility program that began in 2008-09. Requires school districts to pass through either \$127 per pupil or another mutually agreed upon amount in categorical funding to new conversion charter schools. 4) Dedicate surplus county office of education property tax balances that are currently restricted, and cannot be expended for any purpose, to other education programs thereby reducing state General Fund costs. 5) Renumber Education Code Section 60422.3 to Section 60049 to correct a technical error in statute. 6) Requires, for the 2011-12 fiscal year (FY) only, local educational agencies (LEAs), for the purposes AB 1200 budget certification, to project the same level of revenue limit funding it received in the 2010-11 FY and maintain staffing and program levels commensurate with this funding level. For the 2011-12 FY only, eliminates the requirement for an LEA to demonstrate that it can meet its financial obligations for two subsequent Fys. Ballot Proposition 98 and Realignment Language: 7) Deem specified revenue collected in the 2011-12 fiscal year as "non General Fund (GF)" revenue for the purposes of calculating the Proposition 98 funding formula. Specifies this section is operative for the 2011-12 FY and subsequent Fys as long as one or more ballot measures is approved by the voters prior to November 17, 2012 to do the following: makes the "non GF" determination and provides funding for school districts and community colleges in an amount equal to the amount they would have received had the revenues been deemed "GF" for the purposes of calculating the Proposition 98 funding formula. 8) If the voters do not approve one or more ballot measures prior to November 17, 2012, (is referenced above), the Director of Finance (DOF), in consultation with the Superintendent of Public Instruction, shall determine the amount of funding school districts and community colleges would have received under the Proposition 98 funding formula (had revenues been deemed GF). A) Requires the amount of Proposition 98 funding determined by DOF to be distributed for the 2012-13 FY through the 2016-17 FY according to the following: i) 17.8% of total funding to local education agencies according to the following priorities: (1) Reduce K-12 deferral; (2) Repay K-12 mandate obligations; and, (3) Other one-time purposes specified in statute enacted after the effective date of this bill. ii) 2.2% of total funding to community colleges according to the following priorities: (1) Reduce community college deferrals; (2) Repay community college mandate obligations; and, (3) Other one-time purposes specified in statute enacted after the effective date of this bill.

**Child Care and Development Programs:**

9) Reduce the across-the-board unallocated reduction to all the child care services from 15% to 11%, effective July 1, 2011. 10) Reinstate child care services for 11- to 12-year olds which had been scheduled for elimination by July 1, 2011. 11) Amend the before and after school programs to provide preferred placement for children who are 11 or 12-years of age, as originally established before the March budget changes. 12) Repeal the increase family fee schedule by 10%, which had been scheduled for implementation by July 1, 2011. 13) Establish findings and declarations to clarify that the State Preschool Program and the After School Education and Safety Program fall within the Proposition 98 guarantee and that other child care programs that are funded from this appropriation do not count toward the Proposition 98 minimum guarantee. 14) Make statutory changes that conform to the provision of state General Funds - instead of Proposition 98 funds previously provided - for most child care programs in 2011-12 in the budget bill. Proposition 98 funding would be "rebenched" as a result of this funding shift. The budget bill continues Proposition 98 funding for part-day preschool programs in 2011-12.

**Higher Education:** 15) Suspend two mandates (Response Procedures and Student Records), both of which are already required by federal law. 16) Make a technical correction to ensure that the institutions that become ineligible due to their Three-Year Cohort Default Rate exceeding the established threshold for the 2012-13 academic year and every academic year thereafter, shall be ineligible for initial and renewal Cal Grant awards at that institution. 17) Eliminate duplicative audits required biennially at each of the 23 California State University (CSU) campuses and instead requires a system-wide audit.

**Trigger Reductions:** The following changes will be pursuant to Senate Bill 96 or Assembly Bill 121 of the 2011-12 Regular Session, as applicable:

18) Eliminate local education agencies authority to conduct an employee layoff process during the time period between five days after the enactment of the Budget Act and August 15 for the 2011-12 FY only. 19) Reduce the number of instructional days by up to seven days and reduces the home-to-school transportation program by \$238 million, if the state receives forecasted revenue projections less than \$2 billion pursuant to the determination made by the Director of Finance. This requirement becomes operative February 1, 2012, and is only operative for the 2011-12 FY. 20) Approve an increase across the board reduction to all child care programs for a total of \$23 million in savings. This reduction would be effective January 1, 2012, if the Director of Finance determines by December 15, 2011, that the Legislative Analyst's November 2011 or the Department of Finance's December 2011 revenue forecast is less than \$85.9 billion. 21) Increase the community college student fee from \$36 per unit to \$46 per unit, commencing in the winter term of the 2011-12 academic year. This student fee increase would be effective January 1, 2012, if the Director of Finance determines by December 15, 2011, that the Legislative Analyst's November 2011 or the Department of Finance's December 2011 revenue forecast is less than \$85.9 billion. 22) Add an appropriation allowing this bill to take effect immediately.

<b>AB 121</b>	<b>Committee on Budget</b>	<b>Budget Act of 2011</b>	6/30/2011 Chaptered by Secretary of State - Chapter 41, Statutes of 2011.
<b>SUMMARY:</b>		<b>Bill Type: Fiscal</b>	<b>Next Hearing Date:</b>
<p>This bill provides the necessary statutory changes to make mid-year revisions to the Budget Act of 2011. The bill allows the Director of Finance to reimburse the Department of Corrections and Rehabilitation for implementation of public safety realignment and reduce the courts' budget to reflect realignment of Trial Court Security. This bill also outlines trigger reductions. The trigger reduction sections of this law Sections 3.94 (b) and (c) shall only be operative if neither the Legislative Analyst's November 2011 or the Department of Finance's December 2011 revenue forecast, projects 2011-12 General Fund (GF) revenues to equal or exceed \$87,452,500,000. The Senate amendments delete the Assembly version of this bill, and instead: By December 15, 2011, the Director of Finance shall produce an updated revenue forecast for 2011-12 GF revenues. The Director shall determine whether the Legislative Analyst's November 2011 or the Department of Finance's December 2011 revenue forecast for 2011-12 GF revenues is higher. The Director will notify the Joint Legislative Budget Committee of the determination and amount of the higher forecast. If the higher forecast projects revenues, less than \$87,452,500,000 (which is an expected growth of at least \$3 billion above the May Revision forecast), then Section 3.94 (b) will become operative, and on or after January 1, 2012, the Director of Finance shall: 1) Reduce the University of California budget by not more than \$100,000,000 GF. 2) Reduce the California State University budget by not more than \$100,000,000 GF. 3) Reduce the Department of Developmental Services by not more than \$100,000,000 GF. 4) Reduce the Department of Education Child Care by not more than \$23,000,000 GF. 5) Reduce funding to California State Libraries by not more than \$15,866,000 GF, thereby eliminating all state funding to libraries. 6) Reduce the Department of Corrections by not more than \$20,000,000 GF. 7) Reduce the California Emergency Management Agency Vertical Prosecutions Grants by not more than \$15,000,000 GF. 8) Reduce the Department of Social Services In-Home Supportive Services (IHSS) anti-fraud grants by not more than \$10,000,000 GF. 9) Reduce Community Colleges by not more than \$30,000,000 GF and increase the Community College fee by \$10. 10) Section 3.94 (b) would also enact reductions outlined in trailer bill language for IHSS, Medi-Cal, Juvenile Justice and Community College fees. If the higher forecast projects revenues, less than \$86,452,500,000 (which is an expected growth of at least \$2 billion above the May Revision forecast), then Section 3.94 (c) will become operative, and on or after January 1, 2012, the Director of Finance shall: 11) Reduce the Department of Education Home-to-School Transportation by not more than \$248,000,000 GF, thereby eliminating the transportation service. 12) Reduce the California Community College Apportionment by not more than \$72,000,000 GF. 13) Also a part of Section 3.94 (c) is a reduction of \$1,500,000,000 to education by cutting seven days of school, included in the education trailer bill.</p>

<p>This bill makes various technical and clarifying changes to the California Fostering Connections to Success Act of 2010. Specifically, this bill: 1) Exempts parents from referral by the county child welfare department to the local child support agency for the payment of child support on behalf of an adult, nonminor dependent in foster care. 2) Makes technical changes to replace the phrase "period of trial departure" with "period of trial independence" as defined in law. 3) Conforms delinquency statutes related to the termination of parental rights to include the required guardianship study found in parallel dependency statutes. 4) Distinguishes between the case plan update and mutual agreement terms required for a nonminor dependent under the supervision of the child welfare agency and a nonminor Kinship Guardianship Assistance Payment (Kin-GAP) or Adoption Assistance Program (AAP) recipient. 5) Restores, after January 1, 2012, the ability for an otherwise eligible youth placed with a relative guardian prior to age 16, to continue receiving Kinship Guardian Assistance Payment (Kin-GAP) program assistance after age 18, until the youth reaches age 19, provided the youth is reasonably likely to receive their high school diploma or equivalent degree before age 19.</p>

<b>SUMMARY:</b>		<b>Bill Type: Fiscal</b>	<b>Next Hearing Date: 8/17/2011</b>
<p>This bill expands the State Controller's (Controller) oversight over local government auditing practices. Specifically, this bill: 1) Requires the Controller to receive every annual financial audit report prepared for any local agency, as specified, including reports prepared in compliance with the federal Single Audit Act of 1984 and required under any law to be submitted to any state agency, and, after ascertaining its compliance with that federal act, to transmit the report to the designated state agency. 2) Requires the audits specified above to comply with the Government Auditing Standards issued by the Comptroller General of the United States and to be made by a certified public accountant (CPA) licensed by the California Board of Accountancy (Board) and elected by the local agency from a directory of CPAs maintained by the Controller. 3) Requires, the Controller to use specified criteria in determining which CPAs shall be included in the directory, and requires CPAs to be removed from the directory under specified circumstances. 4) Provides that, commencing with the 2011-12 fiscal year, it shall be unlawful for a public accounting firm to provide audit services to a local agency if the lead audit partner, or coordinating audit partner, having primary responsibility for the audit, or the audit partner responsible for reviewing the audit, has performed audit services for that local agency in each of the six previous fiscal years. The Controller may waive this requirement if he or she finds that no otherwise eligible auditor is available to perform the audit. 5) Requires the governing board of each local agency to include all of the following in its contracts for audits: a) A provision to withhold 10% of the audit fee until the Controller certifies that the audit report conforms to this bill's reporting provisions, as specified; b) A provision to withhold 50% of the audit fee for any subsequent year of a multiyear contract if the prior year's audit report was not certified as conforming to the reporting provisions of this bill, as specified. This provision shall include a statement that a multiyear contract shall be null and void if a public accounting firm or independent auditor is declared ineligible pursuant to this bill's reporting provisions, as specified. The amount withheld shall not be payable unless payment is ordered by the Board or the audit report for that subsequent year is certified by the Controller as conforming to the reporting provisions of this bill, as specified; and, c) A provision that will provide the Controller access to audit working papers. 6) Requires the Controller to develop a plan to review and report on financial and compliance audits of local agencies. The Controller, in consultation with the Department of Finance, and representatives of the League of California Cities, the California State Association of County Auditors, and the California Society of Certified Public Accountants, shall propose the content of, and adopt, an audit guide. 7) Requires audit reports to be submitted to the Controller within nine months after the end of the period audited, or in accordance with applicable federal law. 8) Allows the Controller, if the audit reports required by this bill and current law have not been submitted on or before the due date established by this bill, to appoint a qualified CPA to complete the report and to obtain the information required, with costs to be borne by the local agency. 9) Requires the Controller to annually review and monitor audit reports performed by independent auditors, determine whether audit reports conform with reporting provisions of government auditing standards and the audit guide, and notify each local agency and the auditor of each local agency regarding each determination. 10) Requires independent auditors to correct audit reports within 30 days of notification of any deficiency. The Controller may suspend independent auditors from performing any local agency audits if auditors do not correct audit report within 30 days of notification. 11) Provides an appeals process, as specified, when an independent auditor or audit firm has a portion of an audit fee withheld pursuant to this bill. 12) Requires the Controller to report to the Legislature by January 31 of each year the results of the Controller's oversight activity. 13) Allows the Controller to perform quality control reviews of audit working papers to determine if audits conform to government audit standards and the local agency audit guide. The Controller must communicate review results to the Department of Finance, the independent auditor and the local agency, and must review findings with the independent auditor. 14) Requires the Controller, before performing any quality control reviews, to develop and publish guidelines and standards for those reviews, as specified. The Controller must select audits for review based on specified criteria. 15) Requires the Controller to refer a case to the Board if the Controller finds that an audit is conducted in a manner that constitutes unprofessional conduct, or that there were multiple and repeated failures to disclose noncompliant acts. In that instance, the independent auditor shall be prohibited from performing an audit of a local agency until the Board resolves the matter. If the Board finds that the independent auditor conducted an audit in an unprofessional manner, the Controller may prohibit the independent auditor from performing any audit of a local agency for the period during which the independent auditor is not in good standing with the Board, in addition to any penalties the Board may impose.</p>

<b>AB 230</b>	<b>Carter</b>	<b>Joint educational programs: middle college high school students: enrollment priority</b>	7/01/2011 Chaptered by Secretary of State - Chapter 50, Statutes of 2011.
<b>SUMMARY:</b>		<b>Bill Type: Non-Fiscal</b>	<b>Next Hearing Date:</b>
<p>Existing law: 1. Authorizes the governing board of a community college district to admit to any community college under its jurisdiction as a special part-time or full-time student in any session or term any student who is eligible to attend community college, as specified. 2. Requires a California Community College (CCC) governing board to assign concurrent enrollment students a low enrollment priority to ensure that these students do not displace regularly admitted students. 3. Finds and declares that middle college high schools have proven to be a highly effective collaborative effort between local school districts and community colleges, and that the goal of the middle college high school is to select at-risk high school students who are performing below their academic potential and place them in an alternative high school located on a community college campus in order to reduce the likelihood that they will drop out of school before graduation. 4. Establishes middle college high schools as broad-based instructional programs focusing on college preparatory and school-to-work curricula, career education, work experience, community service, support and motivational activities, reduced adult-student ratios, flexible scheduling to allow for work internships, community service experiences, and work apprenticeships. 5. Authorizes school districts to establish and maintain one or more alternative schools within the district, defines alternative school for this purpose, and authorizes the Superintendent of Public Instruction, for the operation of an alternative school, to waive any provision of the Education Code, except as specified. This bill exempts a student attending a middle college high school from the requirement that CCC governing boards assign a low enrollment priority to concurrent enrollment students if that student is seeking to enroll in a community college course that is required for the student's middle college high school program.</p>

<b>AB 346</b>	<b>Atkins</b>	<b>Polling places: higher education campuses</b>	7/05/2011 In committee: Hearing postponed by committee. COMM. LOCATION: SEN ELECTIONS AND CONSTITUTIONAL AMENDMENTS
<b>SUMMARY:</b>		<b>Bill Type: Fiscal</b>	<b>Next Hearing Date:</b>
Existing law requires an elections official to designate a polling place for each precinct at least 29 days prior to the election and provides that if an elections official specifically requests the use of a school building for polling places on an election day, the governing body having jurisdiction over the particular school building shall allow its use for the purpose requested. Existing law requires elections officials, when designating polling places, to undertake necessary measures to ensure that polling places meet the guidelines promulgated by the Secretary of State (SOS) for accessibility by the physically handicapped.			
This bill requires county elections officials to establish at least one polling place for each state election on a campus of a community college, the California State University (CSU), or the University of California (UC) within their respective counties. This bill exempts from these requirements counties with a population under 150,000 and counties that do not have a CSU, UC, or community college campus within its jurisdiction.

Current law requires electric corporations (investor-owned utilities or IOUs) to allow local governments and public college and university campuses to generate electricity from an eligible renewable facility at one site and transfer any available excess bill credits (in dollars) to another account owned by the same local government, college or university. The program is capped at 250 MW and divided proportionally between the state's largest IOUs. The facility size is capped at 1 MW per account. The program is commonly referred to as the Renewable Energy Self-Generation Bill Credit Transfer Program (RES-BCT). The renewable energy does not count toward the state's Renewable Portfolio Standard (RPS) which requires electric utilities to obtain 33% of generation from renewable resources by 2020. This bill increases the size of an eligible facility from 1 MW to 5 MWs.

<b>SUMMARY:</b>		<b>Bill Type: Fiscal</b>	<b>Next Hearing Date: 8/15/2011</b>
<p>This bill provides that, in the case of a "fixed price" contract between a "government entity" and a contractor, the contractor shall be entitled to an increase in payment for a change in the contract price attributable to an increase in taxes imposed by the Sales and Use Tax (SUT) Law, and the "government entity" shall be entitled to a reduction in payment for a change in the contract price attributable to a decrease in the SUT rate.</p> <p>Specifically, this bill: 1) Provides that this increase or decrease shall be made in accordance with the provisions of the contract governing payment for changes in the work or, if no provisions are set forth, payment shall be as agreed to by the parties. 2) Defines "fixed price" to mean that the amount of all costs or prices is fixed by the contract or lease, the contract or lease does not reserve to the contractor or lessor the right to increase that amount, and the contract or lease does not address the obligations of the parties in the event of any change in taxes or tax rates, including SUT rates. 3) Defines a "government entity" as the State of California, or any city, county, or city and county, community college district, school district, county superintendent of schools, or special district in this state. 4) Applies only to contracts entered into on and after this bill's effective date, and only to an increase or decrease in the SUT rate that occurs on or after this bill's effective date. 5) Amends the fixed price contract provisions of the Transactions and Use Tax (TUT) Law to provide that the sale or lease of tangible personal property (TPP) to a government entity shall be deemed obligated pursuant to a contract or lease for any period of time for which the contractor or lessor does not have the unconditional right to terminate that contract or lease. 6) Provides that, notwithstanding existing law, the state shall not reimburse any local agency for any SUT revenues lost as a result of this bill. 7) Provides that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement to local agencies and school districts shall be made according to existing law.</p>

SB 27	Simitian	Public Retirement: Final Compensation: Computation	7/07/2011 Read second time and amended. Re-referred to Com. On APPR.  COMM. LOCATION: ASM APPROPRIATIONS
<b>SUMMARY:</b>		Bill Type: Fiscal	Next Hearing Date: 8/17/2011
<p>This bill provides that any salary enhancement for the principal purpose of increasing a members retirement benefit will not be included in the calculation of a members final compensation for determining that benefit, requires the boards of each state public retirement system to establish regulations that include an ongoing audit process, and prohibits a retiree from returning to work as a retired annuitant or contract employee for a period of 180 days after retirement. Specifically, this bill: 1) States findings and declarations regarding the manipulation of retirement benefits, including pension spiking, and the duties of the retirement systems to employ sound and equitable principles of oversight and the treatment of compensation. 2) Clarifies and defines in the laws governing the California Public Employees' Retirement System (CalPERS) and the California State Teachers' Retirement System (CalSTRS) which forms of compensation may be included in an employee's final compensation for the purpose of determining a retirement allowance, and requires that no compensation determined to have been paid expressly to enhance a member's retirement allowance may be included. 3) Requires that increases to compensation paid during the final compensation period must be consistent with publicly published pay scales and the increases paid to other employees in the same or similar working groups or classes, and prohibits classes of one individual only. 4) Allows the CalPERS and CalSTRS boards to assess fees on employers who fail to accurately provide required information, including the option of auditing, adjusting, or correcting inaccurate reporting, and prohibits an employer from passing those costs on to employees. 5) Further clarifies in the Education Code which forms of compensation for CalSTRS members may be used to determine final compensation for a defined retirement benefit and which forms of compensation must be contributed to the Defined Benefit Supplement Program. 6) Requires that any CalPERS member who retires on or after January 1, 2013, may not return to public employment as a part-time worker, a private contractor, or employee of a third party contractor for 180 days following the date of retirement. Any employee who works in violation of this provision will be required to cease employment and wait another 180 days before returning to work. In addition, either the employer or employee will be liable for related administrative costs of enforcement, depending on whether the violation was due to employee or employer error. 7) Requires that any CalSTRS member who retired on or after January 1, 2013, may not earn any compensation as a retired part-time worker, a private contractor, or employee of a third party contractor for 180 days following the date of retirement. If the retiree does earn compensation in violation of this requirement, his or her retirement allowance will be reduced by the amount of compensation earned in the prohibited period. 8) Excludes from the postretirement compensation limitation, beginning June 30, 2013, and until June 30, 2014, up to \$2,500 of compensation earned by a CalSTRS member who retired for service and returned to work during the first 180 days after retirement as a substitute employee, as specified. 9) Requires that the 180 day limit on working after retirement be applicable to individuals retiring on or after January 1, 2013, and that the other provisions of the bill related to final compensation shall be effective for current and future members of the retirement system on or after July 1, 2012.</p>

<b>SUMMARY:</b>		<b>Bill Type: Fiscal</b>	<b>Next Hearing Date:</b> 8/17/2011
This bill streamlines auditing requirements of the California Apprenticeship Council. Specifically, this bill: 1)Requires the following information to be submitted to the Chief of the Division of Apprenticeship Standards (DAS) when an apprenticeship program applies to create a new program or expand an existing program: a) A written plan that sets out the number of new apprentices the applicant seeks to enroll during the next five years, including the applicant's budget for training the new apprentices and a detailed explanation of how the applicant intends to provide sufficient funding to meet that budget; b) Evidence that the applicant has obtained sufficient commitments from employers to employ the new apprentices so as to ensure, to the extent feasible, that the new apprentices will be employed continuously throughout the term of the apprenticeship; c) Evidence that the applicant has, or will obtain, suitable facilities to train the new apprentices; and, d) A plan for the recruitment and selection of new apprentices, including advertising the new apprenticeship opportunities and outreach to organizations that promote apprenticeship opportunities to women and underrepresented minorities. 2)Requires the Chief of DAS to disapprove the application where the above requirements are not met or are deemed inadequate, as specified, and set forth a process for an applicant to amend its application. 3)Eliminates the requirement in existing law that the Division of Apprenticeship Standards (DAS) randomly audit approved apprenticeship programs during each five-year period, and instead establishes the following new requirements for audits: a) During an audit, DAS must attempt to contact a statistically valid sample of apprentices that failed to complete the apprenticeship program to ascertain the reasons why the apprentices did not complete the program; b) DAS is required to give priority in conducting audits to programs that have been identified as having deficiencies; c) DAS is required to audit all new or newly expanded apprenticeship programs one year after the approval of creating or expanding the program; d) If DAS finds evidence that information provided to it by a program has been purposefully misstated, it shall immediately investigate and determine whether an audit is necessary; e) If DAS determines that a program has been the subject of two or more meritorious complaints within a five-year period, it shall schedule an audit within three months; and, f) If DAS determines that a program that has had at least two graduating classes has an annual apprentice completion rate below 50% of the average completion rate, it shall schedule the program for an audit within three months. 4)Requires each program to provide each apprentice, on at least a semiannual basis, a statement showing specified information, including the total number of hours of training and instruction completed, and the number of hours required for graduation, and the apprentice's expected graduation date. 5)Require programs to report apprentice registration, change of address, graduation, and termination data to DAS on a monthly basis in an electronic format.

<b>SB 340</b>	<b>Wolk, Chesbro</b>	<b>Remote caller bingo</b>	07/14/2011: From committee: Do pass as amended and re-refer to Com.on APPR. (Ayes 16. Noes 0.) (July 13). COMM. LOCATION: SEN APPROPRIATIONS
<b>SUMMARY:</b>		<b>Bill Type: Fiscal</b>	<b>Next Hearing Date:</b>
This bill modifies "remote caller bingo" law, enacted in 2008, which is a system by which authorized charitable bingo games are linked electronically so that games can be called from one site while being played at multiple venues in the state. SB 340 reforms existing law regarding remote caller bingo, by removing the California Gambling Control Commission (CGCC) as the licensing and regulating entity and, instead, gives that task to local jurisdictions. Furthermore, this bill requires operators to register with the Department of Justice (DOJ) which is similar to other charitable fundraising activities such as raffles and casino nights. Specifically, this bill: 1) Permits a city, county, or city and county to amend an existing local ordinance that allows bingo games to be conducted, by resolution, to permit the conduct of remote caller bingo games pursuant to that ordinance, as specified.2) Requires an organization authorized to conduct remote caller bingo games to provide at least 10 days' advance written notice of intent to conduct a remote caller bingo game on a form prescribed by the city, county, or city and county, and to provide at least 24 hours' advance notice if the location of the remote caller bingo game changes and repeal the model ordinance. 3) Requires the live, physical calling and broadcast of a remote caller bingo game to be conducted from a jurisdiction that authorizes by local ordinance the conduct of remote caller bingo games. 4) Deletes all state licensure requirements for the conduct of remote caller bingo, and instead, requires an organization that is eligible to conduct remote caller bingo games to register annually with DOJ, as specified. 5) Requires the DOJ to maintain a registry on its Internet Web site of all organizations registered to conduct remote caller bingo, and authorizes the DOJ to charge an annual registration fee of \$100, to be deposited into the California Bingo Fund, to cover the actual costs of the department to administer and enforce these provisions, and allows DOJ to adopt regulations. 6) Makes other technical and conforming changes relating to the duties of the DOJ and the CGCC, including setting forth procedures for a city, county, or city and county, as the local licensing entity, to obtain a background check from the DOJ. 7) States DOJ may audit the books and records of a licensed organization or vendor of equipment used in a remote caller bingo game at any time and to charge a fee for the audit. 8) Deletes the requirement that the CGCC approve all equipment used for remote caller bingo in advance, but requires the city, county, or city and county to monitor operation of the transmission and other equipment used for remote caller bingo and to monitor the game. 8) Authorizes a city, county, or city and county, until June 1, 2012, to recognize a state license, work permit, or approval of equipment that was issued by the CGCC and effective on June 30, 2011, as specified. 9) Permits an authorized organization to contract with a management company to provide business services but requires the organization to give notice of the contract to the city, county, or city and county and meet other requirements, as specified. 10) Makes additional changes relating to the requirements for cosponsoring remote caller bingo games, and simplifies other procedures and requirements applicable to the conduct of remote caller bingo games. 11) Deletes the requirement that a loan from the Gambling Control Fund to the California Bingo Fund be repaid within 5 years - still requiring repayment, but eliminating the designated timeframe. 12) Repeals provisions relating to card-minding devices and the duties of the CGCC. 13) Allows an organization to conduct one extra remote caller bingo game per quarter in addition to the current two days per week authorization.14) Contains an urgency clause.

<p>This bill merges the first, second, and third levels of the 1959 Survivor Benefit for contracting local agencies of the California Public Employees' Retirement System (CalPERS) that currently provide one of those levels of benefits, and allows CalPERS to suspend employee premiums of \$2 monthly when the funding pool is determined to contain surplus funds.</p> <p>Specifically, this bill allows: 1)CalPERS to transfer pooled assets from the first two levels to the third level, and to increase survivor benefits in the first two levels to the third level of benefits. Survivors in the first two levels will receive a better benefit and the infusion of assets into the third level funding pool will strengthen the funded status of that pool and ensure continued full funding of premiums so that employers will not be required to contribute for this benefit. 2)CalPERS to suspend employee premiums of \$2 per month as long as the third level funding pool contains surplus funds equal to 200% or more of the total liabilities of the funding pool.</p>

<b>SUMMARY:</b>		<b>Bill Type: Fiscal</b>	<b>Next Hearing Date: 8/17/2011</b>
<p>This bill authorizes an After School Education and Safety (ASES) Program provider to use supplemental grant funds to operate a six-hour program and establishes other parameters for programs operating summer, intersession or vacation programs.</p> <p>Specifically, this bill: 1) Strikes the provision in the section establishing a before school program that authorizes a school to be eligible for a supplemental grant to operate the program in excess of 180 schooldays during any combination of summer, intersession, or vacation periods for a maximum of 30% of the total grant amount awarded to the school. 2) Authorizes a before or after school program to receive a supplemental grant to operate the program in excess of 180 regular schooldays or during any combination of summer, intersession, or vacation periods for a maximum of 30% of the total grant amount awarded, per school year, to the school. 3) Authorizes an existing after school supplemental grantee to operate a three-hour or a six-hour per day program, but specifies that an existing supplemental grantee is not eligible to receive additional grant funds for the purpose of operating a six-hour program. Specifies that if the grantee operates a six-hour per day program, the target attendance level for the purpose of grant reductions pursuant to subparagraph (A) of paragraph (1) of subdivision (a) of Education Code (EC) Section 8483.7 shall be computed as if the grant award were based upon the lesser of \$15 per day of pupil attendance or 30% of the total grant awarded to the school per school year. 4) Authorizes a supplemental grantee to change the location of the program to address the needs of pupils and school closures. Authorizes the program to be conducted at an offsite location or at an alternate schoolsite. Requires the supplemental grantee to give notice to the California Department of Education (CDE) of the change of location and to include a plan to provide safe transportation. 5) Authorizes a supplemental grantee to open eligibility to every pupil attending a school in the district. Specifies that if the program is conducted at a schoolsite, priority for enrollment shall be given to the pupils enrolled at the school. 6) Requires a supplemental grantee operating a six-hour per day program to provide for each needy pupil at least one nutritionally adequate free or reduced-price meal during each program day. 7) Requires a supplemental grantee that operates a six-hour extended day program to submit, for prior approval by the CDE, a revised program plan that includes all of the following: a) A plan for provision of the free or reduced-price meal required by this bill. b) An attendance and early release policy for the program that is consistent with the local educational agency's early release policy for the regular schoolday.</p>

<p>This bill requires the California Student Aid Commission (CSAC) to give priority for Cal Grant C awards to students pursuing training in fields with high employment need, high salary or wage projections, or high employment growth.</p> <p>Specifically, this bill: 1) Requires CSAC to review and update the areas of occupational and technical training for which students may utilize Cal Grant C awards at least every five years, beginning in 2012. 2) Requires CSAC to give priority in granting Cal Grant C awards to students pursuing occupational or technical training in areas that meet at least two of the following criteria: a) High employment need; b) High employment salary or wage projections; and/or, c) High employment growth. 3) Requires CSAC to determine areas of occupational or technical training that meet the aforementioned criteria in consultation with the Employment Development Department using projections available through the Labor Market Information Data Library. 4) Requires the Legislative Analyst's Office (LAO) submit a report to the Governor and Legislature on the outcomes of the Program on or before April 1, 2015, and on or before each odd-numbered year thereafter. Requires the report to include information on the age, gender, segment of attendance, the occupational and technical training program categories prioritized, and the number and percentage of students who received selection priority. EXISTING LAW establishes the Cal Grant Program, administered by CSAC, to provide grants to financially needy students to attend college. Cal Grant C awards assist with fees and tuition and training-related costs such as special clothing or required tools at occupational or vocational schools of four months or longer and provides that grants may be renewed until the completion of the training, up to a maximum of two years. "Occupational or technical training" is defined as education after the completion of a secondary school program, leading toward recognized occupational goals approved by CSAC in consultation with appropriate state and federal agencies. CSAC is also required to take into account other state and federal programs available to the applicant.</p>

This bill protects unauthorized disclosure of private information regarding books and book readers.

Specifically, this bill: 1) Provides that a book service provider may not knowingly disclose to any government entity, or be compelled to disclose to a government entity or any private person or entity, a user's personal information related to the use of a book or part of a book, except as follows: a) To a law enforcement entity pursuant to a court order issued by a duly authorized court with jurisdiction over an offense under investigation if the following conditions are met; i) The court issuing the order finds that probable cause exists to believe the personal information requested is relevant evidence to the investigation of an offense and any of the grounds in Section 1524 of the Penal Code (i.e., grounds for a search warrant) is satisfied. ii) The court issuing the order finds that the person or entity seeking disclosure has a compelling interest in obtaining the personal information sought; iii) The court issuing the order finds that the information cannot be obtained through less intrusive means; iv) The person or entity seeking disclosure gives the provider reasonable notice and the opportunity to appear and contest the issuance of the order prior to its issuance; and v) Notice of the order is given to the book service user contemporaneous with execution of the order, unless there is a judicial determination of a strong showing of necessity to delay that notification for a reasonable period of time, not to exceed seven days. B) To a non-law enforcement government entity pursuant to a court order issued by a duly authorized court with jurisdiction over an offense that is under investigation by a non-law enforcement government entity, or to a non-law enforcement governmental entity or a private person or entity pursuant to a court order in a pending civil or administrative action brought by a non-law enforcement governmental entity, private person or governmental entity, if all of the following conditions are met: i) The court issuing the order finds that the person or entity seeking disclosure has a compelling interest in obtaining the personal information sought. ii) The court issuing the order finds that the personal information sought cannot be obtained by the person or entity seeking disclosure through less intrusive means. lii) The person or entity seeking disclosure provides the provider with reasonable notice of the proceeding in a timely manner prior to the issuance of the court order to allow the user and provider the opportunity to appear and contest the issuance of the court order. Iv) The provider refrains from disclosing any personal information pursuant to the court order until it provides notice in a timely manner to the user about the issuance of the order and the ability to appear and quash the order, and the user has been given a reasonable opportunity to appear and quash the order of no less than 35 days. 2) Provides that a book service provider must disclose the personal information of a user to any person if the user has given his or her informed, affirmative consent to the specific disclosure for that particular purpose. 3) Provides that a book service provider may disclose the user's personal information to a government entity if the government entity asserts, and the book service provider in good faith believes, that there is an imminent danger of death or serious physical injury requiring the immediate disclosure of the information and there is insufficient time to obtain an order. Under this exception, the government entity must give to the provider a written statement describing the facts giving rise to the emergency upon request or no later than 48 hours after asking disclosure. 4 )Provides that a book service provider may disclose a user's personal information to a government entity if the provider believes in good faith that the personal information is evidence directly related and relevant to a crime against the provider or that book service user. 5) Provides that the act does not make it unlawful for a law enforcement entity subject to 42 U.S.C. section 2000aa to obtain a search warrant for a user's personal information pursuant to otherwise applicable law in connection with the investigation or prosecution of a criminal offense where there is probable cause to believe that the person possessing such information has committed or is committing a criminal offense involving the production, possession, receipt, mailing, sale distribution, shipment or transportation of child pornography, the sexual exploitation of children, or the sale or purchase of children under sections 2251, 2251a, 2252, or 2252a of title 18 of the United States Code. Moreover, this section does not prevent a provider from complying with a proper search warrant issued by a duly authorized court in connection with such an investigation or prosecution. 6) Requires any court issuing a search order or civil discovery order requiring disclosure of a book user's personal information to impose appropriate safeguards against the unauthorized disclosure of personal information by the provider pursuant to the order. 7) Provides that, except in an action for a violation of the bill's provisions, no evidence obtained in violation of the bill shall be admissible in any civil, administrative, or other proceeding. 8) Makes knowing disclosure to governmental entities a violation of its provisions subject to the following penalties: a) a provider who knowingly provides a book service user's personal information shall be subject to a civil penalty of up to \$500 for each violation, which may be recovered in a civil action brought by the book user. b) a provider who knowingly provides a user's personal information shall also be subject to a civil penalty of up to \$500 for each violation which may be assessed and recovered in a civil action brought by the Attorney General, any district attorney, city attorney, or specified city prosecutor. This bill would allocate any penalties collected when an action is brought by these government entities, as specified. 9) Provides that a civil action brought pursuant to the bill must be commenced within two years after the date upon which the claimant first discovered the violation. 10) Provides that, if a book service provider reasonably relies on a court order for the release of a user's personal information or relies on any of the bill's specified exceptions to confidentiality, the provider's reliance is a complete defense to any civil action provided that the reasonable reliance is objective. 11) Requires a book service provider to prepare a report to be made publicly available in an online, searchable format by March 1 of every year. That report must include specified information, including the number of federal and state warrants and orders requesting disclosure of a user's personal information that the provider has received in the previous year. The report must also include this same information for any grand jury subpoenas, civil and administrative subpoenas, and requests for information made with the user's informed consent received by the provider during the prior year. 12) Provides that nothing in the bill shall otherwise affect the rights of any person under the California Constitution or any other law.

**SUMMARY:** Bill Type: Fiscal Next Hearing Date: 8/17/2011

This bill adds new areas of emphasis within the California Subject Matter Projects (CSMP) professional development programs including career-oriented, integrated academic and technical education content; authorizes the establishment of three additional CSMP, deletes the sunset date on existing projects, and makes various changes to the concurrence committee and project advisory boards.

Specifically, this bill: 1) Makes findings and declarations about the high dropout rate in California high schools; the need for an educated workforce; the value of schools offering a more integrated approach to learning; and, declares that investments in delivering to pupils the skills and knowledge needed for further education and employment in California's high-growth, high-demand industries are investments in the growth of a knowledge-intensive, innovative economy. 2) Makes further findings and declarations about the role and purpose of CSMP as a statewide network of subject-specific professional development programs and how the CSMP infrastructure may be leveraged to align middle and high school curricula more closely to the needs of growing and emerging sectors of the California economy by providing teachers with the supports and tools necessary to deliver career-oriented, integrated academic and technical education content. 3) Adds two new areas of emphasis for CSMP to provide teachers with: a) Instructional strategies for delivering career-oriented, integrated academic and technical content in a manner that is linked to high priority industry sectors identified in the California Career Technical Education Model Curriculum Standards as adopted by the State Board of Education (SBE). Requires the CSMP Concurrence Committee, in consultation with the appropriate state entities, industry leaders, and representatives of organized labor, educators, and other parties, to determine the priority of the industry sectors. B) Instructional strategies for ongoing collaboration on the delivery of career-oriented, integrated academic and technical education content. 4) Requires the CSMP to provide support to teachers to develop and enhance content knowledge and pedagogical skills necessary to implement the existing state-adopted content standards and the curriculum frameworks, or any subsequently adopted standards or curriculum frameworks. 5) Requires the CSMP Concurrence Committee, beginning January 1, 2016, and every three years thereafter, to provide a report, as specified, on the subject matter projects to the Governor and to appropriate policy and fiscal committees of the Legislature. Makes the reporting requirement inoperative on January 1, 2020, pursuant to the Government Code. 6) Modifies the composition of the nine-member CSMP Concurrence Committee by reducing the number of representatives selected by SBE from two to one; and by adding a representative selected by the Superintendent of Public Instruction (SPI). 7) Requires the CSMP, in partnership with the University of California Curriculum Integration Institute or other appropriate entities, to provide teachers with support in the implementation of career-oriented, integrated academic and technical courses that meet course requirements for admission to the University of California (UC), the California State University (CSU), and align with high-priority industry sectors as specified. 8) Adds the following projects to the list of authorized subject matter projects: a) The California Physical Education-Health Project; b) The California Arts Project; and, c) The California World Language Project. 9) Modifies the composition of project advisory boards for each subject matter project by reducing the number of board members such that the new composition of each advisory board is as follows: a) One representative selected by the California Postsecondary Education Committee (CPEC). B) One representative, selected by the UC President, who is a member of the faculty in the discipline addressed by the project. C) One representative, selected by the CSU Chancellor, who is a member of the faculty in the discipline addressed by the project. D) One representative, selected by the SPI, who is a classroom teacher in the subject area addressed by the project. E) One representative, selected by the SBE, who is a classroom teacher in the subject area addressed by the project. F) One representative selected by the Governor. G) One representative selected by the Commission on Teacher Credentialing. H) One representative of a statewide professional organization of teachers in the subject matter addressed by the project, as specified. i) One representative of the California Community Colleges, selected by the Chancellor, one of whom is a faculty member in the subject matter addressed by the project. J) One representative of an independent postsecondary institution selected by the Association of Independent California Colleges and Universities, one of whom is a faculty member in the subject matter addressed by the project. Aa) One representative who is from an industry sector that principally utilizes the discipline addressed by the project and who is selected by the advisory board. 10) Adds pupil drop-out rates above the statewide average to the criteria each project advisory board must use in recommending funding for local project sites. 11) Specifies that for purposes of recommending funding for local project sites that serve middle or high school teachers, the project advisory board shall give special consideration to sites that utilize or are preparing to utilize instructional strategies to deliver career-oriented, integrated academic and technical content. 12) Deletes the inoperative and repeal dates, thereby extending the operation of these provisions indefinitely.

<b>SUMMARY:</b>		<b>Bill Type: Fiscal</b>	<b>Next Hearing Date:</b>
This bill establishes a dedicated funding stream to invest in career technical education that delivers skills and knowledge needed for successful employment in clean technology, renewable energy or energy efficiency. Specifically, this bill: 1) Creates the Clean Technology and Renewable Energy Job Training, Career Technical Education, and Dropout Prevention Program for the purpose of creating California Partnership Academies that focus on clean technology and renewable energy businesses. 2) Requires the State Controller to annually allocate \$8 million from the Renewable Resources Trust Fund (RRTF) or other related fund, upon appropriation by the Legislature, to the Superintendent of Public Instruction (SPI) for expenditure in the form of grants to school districts for creating and maintaining partnership academies. If sufficient funds are not available from RRTF, the balance of the \$8 million will come from funds provided for in AB 118 (Núñez), Chapter 750, Statutes of 2007. 3) Requires SPI to award grants to implement or maintain a partnership academy for pupils in grades 9 to 12 that focuses on employment in clean technology businesses and renewable energy businesses and provides skilled workforces for the products and services for energy or water conservation, or both, renewable energy, pollution reduction or other technologies. 4) Requires the California Energy Commission (CEC), no later than 60 days after the effective date of these provisions, in consultation with SPI, to adopt guidelines to ensure that programs receiving grants reflect current state energy policies and priorities as well as provide skills and education linked to the needs of relevant industries. 5) Authorizes a school district to apply for planning grants for implementing a partnership academy and allows SPI to pay administrative costs. 6) Requires SPI, in consultation with CEC, to provide annual reports to the Legislature commencing in 2014 that includes descriptions of the curriculum, proportion of participating pupils who meet the at-risk criteria, pupil participation data and substance of the programs funded by the grants awarded. 7) Makes a number of legislative findings and declarations regarding California's international leadership in renewable energy, energy conservation, clean technology, and climate change policies. 8) Becomes inoperative on June 30, 2017, and as of January 1, 2018, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2018, deletes or extends the dates on which it becomes inoperative and is repealed. 9) States that it addresses the fiscal emergency declared and affirmed by the Governor by proclamation issued on January 20, 2011.
